Help Build a School \$100

In rural Haiti, over 40% of school aged children do not have access to education. With your help, CCH can build the only school for the rural village of Boukeronne. The school will provide 200 young children with needed education and the hope of a brighter future

Gifts are matched 100%

Seeds for a School Garden \$25

One of CCH's newest programs is supplying rural schools with gardens. Your gift will provide seeds for school gardens and provide a child with what is in most cases, their only daily meal – a hot lunch.

Share of a Well for a School \$150

Dirty drinking water is the second leading cause of death in Haiti behind starvation. Without clean water, many will catch diseases and even die. Supplying clean water to a community is essential but especially for rural schools where young children can be more susceptible to diseases.

Clean Water for a Family \$250

The system of water in Pignon is antiquated. To provide clean water for families Pignon needs the water system to be rehabilitated. Your gift of clean water for a household not only protects a family's health but provides them with one of life's basic necessities.

Feed a Hungry Child \$30/month; \$365/year

Starvation is the leading cause of death in Haiti. CCH is working with local orphanages and Hospital Bienfaisance de Pignon to identify malnourished children in rural areas. Intervention includes nutritional supplements, extra food, vitamins, and training for new mothers.

Half of a Creole Pig \$65 (Whole Pig \$125)

The Creole Pig was eradicated in the early 60's for fear of Swine Flu. Today, the reintroduction of the Creole Pigs remains a high priority, since they represent a "savings account" for many Haitian families. Pigs provide protein, help with waste management, and provide future needs of the family.

Medicine for a child \$50

Every child deserves to live a happy healthy life. Sadly, children born in Haiti are more likely to die during early childhood than in any other country in the Western Hemisphere. Your gift provides a child with life saving vaccinations and antibiotics!

Micro-credit loans for Farmers \$75

Many in Haiti lack basic agricultural knowledge required to increase food yields. Your gift will help implement micro-credit loans for rural farmers to receive training and start their own agricultural businesses. Their success will contribute to increased availability of local food and provide a source of income for many rural families.

Creole Bibles \$35

Partnering churches in Pignon with churches in the United States to provide encouragement and resources they need to spread Christ's word. You can support a church with the gift of 3 Creole Bibles.

Nubian Goats \$85

One pregnant goat, cross-bred with a Nubian or Boar goat can provide families with \$300 in income in the first year alone. Goats provide essential protein and a livelihood for widows, disabled and poor families.

Mango Trees \$45

Fruits like mangoes provide essential vitamins, extra income, and reforestation in desolate areas. Mangoes dried in the solar dryer provide export opportunities through peasant co-ops, which can enable communities to support themselves.

Give the gift of Hope

With each gift, you or your honoree will receive a CCH Gift Card describing your gift within 5-7 days of receiving your request.

100% of all gifts are tax-deductible.
