

2018

Thanks to our many volunteers, donors, Board and staff members, the Community Coalition for Haiti (CCH) continued serving and empowering more Haitian teachers and students, more healthcare professionals and patients and more community leaders in 2018! Indeed, our growth even led us to move to a larger facility in Haiti!

25,000 patient consultations at CCH's Primary Care, Surgical, and PT Clinics

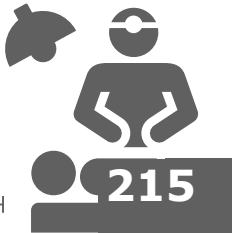

267 animals distributed, providing income for families to invest in education

24 partner schools: including 9 schools where CCH provides direct support & 15 more served by Training of Trainers activities

215 pro bono surgeries performed, including 15 ophthalmology, a new specialty at CCH

Why Haiti?

Haiti is the poorest country in the Western Hemisphere. Most people live on less than \$2 per day.

70% of Haitians do not graduate high school

39% of adults do not read

77% do not have access to quality healthcare

Statistics from most recent UNICEF, USAID, WHO data

1,400 student wellness check ups

45 Haitian healthcare professionals trained

New 11,000 sq ft facility to house expanded CCH Clinics, Education and Community Development program offices & collaborative community space

New parent trainings held at partner schools with 125 parents & teachers collaborating on education issues at home and school

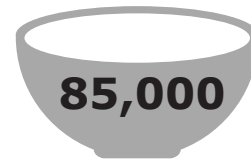

110 student referrals for follow up care at CCH primary, surgical, or dental clinics

30,000 prescription pills and liquid / cream medications distributed

477 students trained in dental hygiene, nutrition, and sanitation

281 teachers trained, including 25 teachers attending week-long Haitian-led seminars

over 85,000 meals served at partner schools & summer camps

CCH is a faith-based 501(c)3 nonprofit organization that transforms lives, one by one, through long-term and community driven solutions in healthcare, education and community development.

2018 Impacts

COMMUNITY COALITION FOR
HAITI

240 volunteers traveled to Haiti with CCH and another 60 people volunteered in the U.S. All told, these **300 volunteers** spent over **16,000 hours** working in concert with CCH's **33 staff members** (including **7 new staff** who joined in 2018). CCH piloted a successful **new type of "Come and Serve" volunteer trip**, open for anyone to join. 13 team members on the inaugural trip helped staff CCH school and PT clinics in addition to providing other technical expertise.

In November, 2018, CCH welcomed our first surgical team to the Jim Wilmot Surgical Center at our new facility. Staff and volunteers are all enjoying the natural light from windows in the new space! Thanks to the October container shipment with ophthalmology surgery equipment, **15 patients received eye surgery** - a first at CCH. For one week in August, one of CCH's ORs turned into a dental suite, providing **227 dental procedures** to **136 patients** (children and adults). Our referral list continues to grow, thanks to partnerships with nearly **30 referring partner clinics** across Haiti.

Preventative care remains a vital outreach to the community. In 2018, CCH hosted **25 health education seminars**, serving more than **1,000 people**. Information shared about high blood pressure, stroke, breast health, and cervical cancer will undoubtedly save future lives. **85 girls** participated in "Days for Girls" reproductive health classes and received menstrual hygiene kits with reusable supplies. Thanks to partners, Dr. Laura Dabinett and Winchester Medical Center, CCH provided **350 pap tests** for early detection of cervical cancer, the #1 cancer killer of Haitian women. At risk women identified from the pap tests received follow up GYN consultations and surgical procedures, as necessary.

CCH's 3 rural partner schools with student sponsorship programs achieved a **94% student retention rate** between 2017 and 2018. Education program staff undertook a deeper analysis of the complex factors affecting matriculation rates at our partner schools, which will lead to improvements in future education programming. A total of **447 students** benefited from the sponsorship program, receiving tuition support for schools, teacher training, parent engagement seminars, hot lunches, Kreyol books, and classroom supplies. **12 new picnic tables** were built by volunteers and students at 2 partner schools - adding extra space for outdoor classes, lunch, and community meetings.

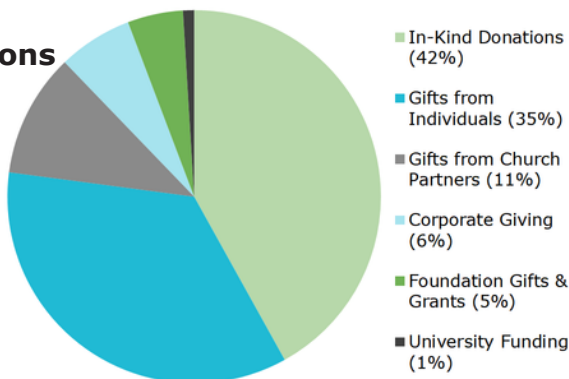

13 community leaders and 4 CCH staff members formed the first cohort of CCH's "Training the Trainers" Leadership Development Program. These **17 men and women** met 3 times in 2018. They agreed upon key values, like transparency and compassion, and identified training topics needed to increase leadership skills. The cohort participated in planning sessions and training seminars on written and verbal communication and conflict resolution.
