

2019 ANNUAL REPORT

Reflections on the Journey *from Clark Seipt, Executive Director*

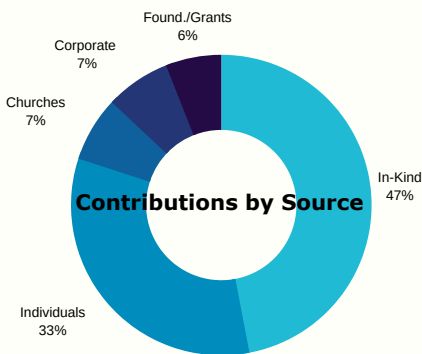

"May we seek to partner with what God is already doing. He is able to do miraculous things through relationships." This statement struck me deeply as I listened to Rev. John Molina-Moore, General Presbyterian of the National Capital Presbytery, preach recently at my home church. 2019 was a very difficult year for our beloved Haiti. Geo-political turmoil led to an exhausting and violent lockdown of the entire country. Businesses and schools were closed. Transportation routes were paralyzed. Food, water and other necessities became scarce and exorbitantly expensive. And yet, through it all, God was at work:

- We saw Him in the safe arrival of the many patients who sought out care at our clinics, trusting that CCH would be open, when so many other clinics were not.
- We saw Him in the honest and thoughtful sharing amongst partner school principals who met regularly by Zoom teleconferences and WhatsApp, even when schools were closed, intent on salvaging the school year.
- We saw God clearly and colorfully in the unfaltering commitment of CCH staff to continue serving our partner communities.
- We saw Him at work in our partnerships with churches, health systems, universities, civic groups and many volunteers and donors from across the US who rallied in support of this important work.

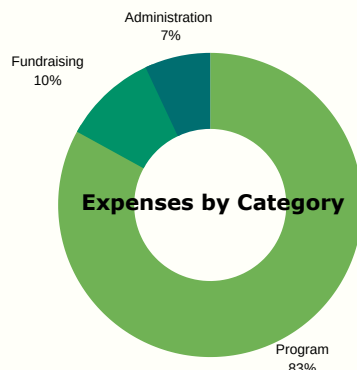

Indeed, God has shown us, time and again, that he does miraculous things through relationships. This Report highlights accomplishments made possible in 2019 because of those relationships. **THANK YOU.**

2019 Financials

Total Revenue: \$1,673,432

Total Expenses: \$1,650,894

*These figures are not yet audited

These were our most blogged about words in 2019.

More than **20,000 patient consultations** in CCH Clinics, combined

25 nurses and surgical residents trained	170 student referrals from school-based clinics	135 pro bono surgeries performed
--	---	--

Healthcare

CCH provides quality, affordable healthcare at our Primary Care, Physical Therapy, and Surgical Clinics. Patients are treated with kindness, humility, and respect. Healthcare professionals receive on-going training and network with other clinics across Haiti.

31 referring clinic partners across Haiti

500 students served in school-based health clinics

First ever **laparoscopic surgery** week at CCH clinic

2 new full time **staff** members: Carson Rich (Director of Development) & Dantine Morenstil (Business Manager)

7,792 volunteer hours across all programs

83¢ of every dollar supported programs in Haiti

Education

CCH partners with existing schools to train teachers and principals in child development and learning-centered education. Our nutrition program feeds students and teachers a hot lunch every school day.

650 students fed school lunches

115 teachers and **8** student mentors trained at **10 CCH partner schools**

Training the Trainers

3 community trainings on animal care and drought conservation for **207 farmers**

22 young leaders trained in **7 leadership development seminars**

120 parents engaged in **8** school-based seminars

2,000 clinic visitors trained in **health education seminars**

Community Development

CCH works with farming cooperatives and community leaders to provide livestock, crops, and critical training opportunities. These relationships help us understand and address different community needs.

412 goats distributed with **90** offspring born

10 types of **vegetable crops** distributed; gardening training at schools.

300 chickens & turkeys distributed to families

"I raise animals and drive a taxi while I attend law school. My friend introduced me to Rubinste at CCH and I invited him to a meeting in my community. Now, CCH has given us training and 30 goats. Thank you!"
