

ANNUAL REPORT 2020

Top Impacts:

- Led COVID-19 response and prevention in Southeast Haiti with innovative community outreach and partnerships
- Supported Haitian teachers & schools with new trainings and creative job opportunities
- Treated more than 16,000 primary care, surgical, and PT patients at CCH Clinics - during a pandemic when healthcare was stigmatized
- Stayed connected with our staff, patients, partners and donors in new ways without face-to-face meetings

What a Year

from CCH Executive Director, Clark Seipt

Every time I look at the numbers in these glossy pages - what you helped CCH accomplish in 2020 - I'm amazed.

At the same time, I'm also struck by **the numbers that aren't highlighted here**: 3 months of school closures; CCH's PT Clinic closed for 6 months; 300% more surgical patients on our waiting list; 13 cancelled volunteer trips - some for the second or third time; hundreds of conversations debunking dangerous myths and stigmas about COVID; thousands of hours sweating under layers of PPE; millions of Haitians facing job loss, food and fuel shortages and persistent safety and security concerns; countless hours spent worrying and praying for our Haitian friends.

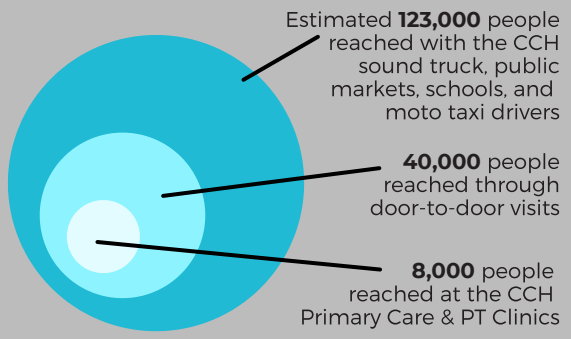

But you know what? Those are the numbers that represent the challenges that we navigated. Those are the obstacles that you helped us take on and overcome. Despite those numbers - **motivated by** them - this Coalition surged forward to make everything else that's documented in this report happen.

We found new ways to partner, even when we could not walk side by side. Our Haitian leaders were emboldened to see their work in new ways, proving themselves, yet again, to be dedicated shepherds of this small slice of the Kingdom. CCH's patients, partner schools and other community collaborators were reminded that CCH is with them for the long term, no matter what comes.

We accomplished more together than we could have ever done alone. **Thank you** for navigating the year with us. Enjoy this celebration of what you made possible in Haiti.

- Clark

COVID Outreach

CCH reached over **7 times** the number of people with health education and healthcare in 2020.

2020

by the numbers

157 parents attended school seminars on relevant topics

Over 9,000 reusable cloth face masks distributed around Jacmel

140 motorcycle taxi drivers became COVID health ambassadors

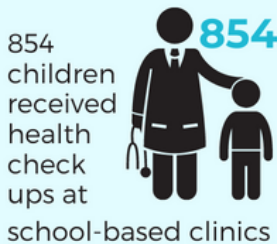

87 school teachers trained by CCH & partners

10,000 door-to-door home visits by community health workers (teachers and nurses) to share COVID prevention information

1,100 hours of virtual Physical Therapy services provided to CCH patients

854 children received health check ups at school-based clinics

655 children fed a hot, protein-enriched meal every school day

60 community members trained in conflict resolution strategies

Over 16,000 patient consults at CCH Primary Care, Surgical, and Physical Therapy Clinics, using sliding scale fees to serve everyone

Collin Wants to Be a Doctor

"I want to be a doctor one day," declares Collin. Right now he is a 5th grade student at Lavanneau, a CCH partner school. Collin is a regular kid: hardworking, loves to learn, loves to play soccer and dreams of becoming a doctor to help his community.

Several times per year, the CCH Mobile Clinic drives to the mountains of Lavanneau and provides medical care for students at Collin's school. This is Collin's only opportunity to see a doctor or get medicine.

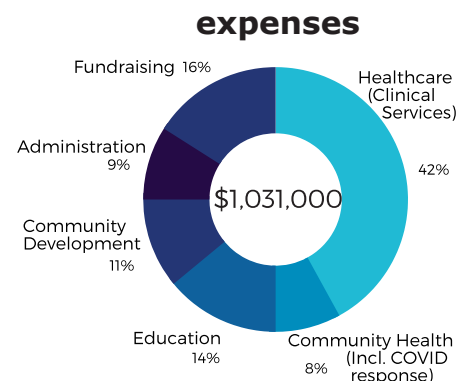

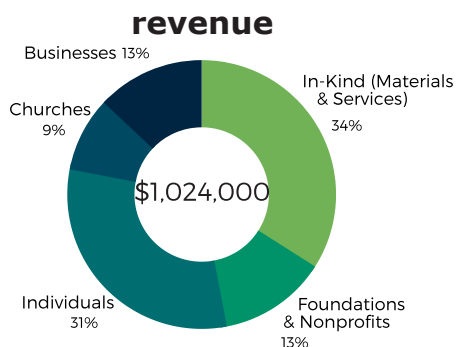

In October 2020 Collin came to the clinic feeling sick - headache, stomachache, fever and the chills. He made a 30 minute walk down the mountain from his small home to the clinic, knowing he needed help. "When I am sick, I never go to see a doctor, because my parents don't have money. There's no clinic or hospital in my community," says Collin.

You made Collin's visit to the Mobile Medical Clinic possible in 2020! And your support ensures that Collin and many others like him will continue to have access to the healthcare they need and deserve.

Financials

We were overwhelmed by your generosity and trust in 2020. Undirected donations grew by 39% over 2019. Your gifts helped CCH respond to the greatest needs in Haiti.
